

Family Health in Rhode Island

INPUT FOR THE RHODE ISLAND DEPARTMENT OF HEALTH'S 2007 FAMILY HEALTH PLAN

Please take a few minutes to fill out this input form for the next Family Health Plan in Rhode Island. Your input is very important to us, you can return it by: fax to 401-222-1442; email to Adriana.Vargas@health.ri.gov; or mail to Adriana Vargas, Cannon Building, 3 Capitol Hill, Room 302, Providence, Rhode Island 02908. Thank you.

The 2006 Family Health in Rhode Island Plan outlined the following **six priorities** for the Department of Health's Division of Family Health. Under each of the six priorities, write down critical action steps, interventions, or policies you see as necessary to achieve progress in the area.

1. Improve maternal health, including pregnancy outcomes – especially premature births.

2. Promote healthy lifestyles and healthy weights for school aged children.

3. Support safe and healthy environments for children and families.

4. Ensure access to medical homes for all Rhode Island families.

5. Ensure a system that adequately addresses early childhood development.

6. Engage and empower parents and guardians as healthcare advocates for their families.

Are there other family health issues that should be a priority for the Department of Health's Division of Family Health in 2007? What are they?
